

The Yerkes Family established None Such Farm as a working farm in 1926. In 1998 John & Bill Yerkes and their families chose to place the farm into Farmland Preservation.

Today, Scott and Rhonda Yerkes, their 3 daughters and dedicated staff continue the farming tradition.

None Such Farm Market is open all year and offers a variety of seasonal produce grown on the farm, as well vegetable and annual plants grown in our greenhouses.

Our chefs offer homemade prepared foods.

Our bakery offers freshly baked and homemade sweets.

Our produce department offers the freshest produce available in season, as well as fresh made salads daily.
