Thanksgiving Orders 2023 FAQ

-Are all pre-orders going to be picked up in store?

Yes, you will choose an available time slot for pickup when placing your order.

-How will the in store pickup work?

On the day of pickup our staff will be assembling orders by time slot. Please do not arrive before your scheduled time slot as we may not have your items ready and it could cause unnecessary delays for others who have arrived in their correct time slot.

Follow the signage to the designated pickup area and give our staff person the name and phone number your order was placed under. We will bring your order to you and check you through the register as efficiently as possible.

-What if I am late and miss my pre-booked time slot?

Please let our staff member know that you missed your time slot when you arrive and they will know what to do. DO NOT call ahead to let us know you will not be on time, just let us know when you get here.

-Will I need to leave a deposit for my order?

Yes, there is a \$5.00 deposit for each item preordered. The deposit(s) will be deducted from your final total. Your final total will be available at the time of pickup.

-Why isn't the final price on my pre-order receipt?

Some items are calculated by weight. While the per pound price will not vary, the finished weight of the item cannot be exactly determined at the time of ordering.

-Why can I only order prepared foods in whole pound quantities, not half pounds?

We have needed to find efficiencies where we can. We have found by packaging in one size we are able to maintain product quality and gain efficiency. This allows us to take more orders. There is, however, a limit to how much we will be able to make and there is a strong possibility that we will sell out before orders close.

-Why can't I place an order for prepared vegetables?

Our chefs use fresh vegetables. Sometimes there are difficulties obtaining the quality they prefer around the holidays. Our chefs would like the flexibility to decide what to make based on vegetable availability and quality just before the holiday. The vegetables they make will be available in store, in the chef's case, on Tuesday and Wednesday.

-What will your store hours be on pickup days?

Tuesday 11/21; Store is open from 10:00 am to 6:00 pm.

Wednesday 11/22; Store is open 9:00 am to 6:00 pm.

Store is closed on **Thursday 11/23 and Friday 11/24**.

Store is **open** on **Saturday 11/25 10 am to 6 pm**.

-What if I need to make a change to my order?

We understand that changes happen, and we want to get your order right. We prefer that any changes you would like to make are emailed to orderchange@nonesuchmarket.com. Then, please be sure to look for an email confirmation of your order change and item availability from us.

If you prefer to make the changes in person we will be able to handle changes and confirm availability in store .
